

Dear Customer,

To meet the current environmental and social challenges linked to our CSR/#ESR label, Proximus Luxembourg is digitizing all its invoices from January 1, 2024. Paper invoices will become payable (€5 per invoice).

We offer you an alternative: a free delivery via email in .pdf format. To do so, please fill out the table below and send it to telecomcc@telindus.lu.

Without your response, a fee of €5 will be applied.
